

Board Policies

(As of July 1, 2018)

The Nevada State Board of Optometry adopted these policies to assist in the consistent enforcement of Nevada's statutes and regulations applicable to the practice of optometry and to conduct the Board's authorized functions under the law.

These policies do not replace our statutes and regulations (NRS & NAC Chapters 636), and where they conflict, the statutes and regulations shall take precedence.

Policy Number 1 – Correspondence

All official correspondence with the Board must be made through the Board's website, to the Executive Director by mail at Post Office Box 1824, Carson City, Nevada 89702, by email to admin@nvoptometry.com or via fax to 775-305-0105.

Policy Number 2 – Change in Location of Practice

NRS 636.370 and this policy require each optometrist to notify the Board of the place of his or her practice or any change in location of that practice, in writing prior to the date the change becomes effective.

Policy Number 3 – Application Fees

The Application for Licensure as an optometrist in the State of Nevada may be downloaded from the Board's website <https://nvoptometry.org>. The applicant must submit the application; all required supporting materials and the fee to the Board. Once the applicant has passed the online law exam, and all required documentation in support of the application is received in the Board office, the Executive Director will review, reject or approve the application and provide notice to the applicant within 30 days. These policies apply to both new licensees and applicants for licensure by endorsement.

Upon receipt of notice of approval of his/her application, the applicant must submit the required license fee and identify his/her practice location to the Board.

Within 60 days of receipt of all required information, the licensee will be provided a licensure certificate for display.

Policy Number 4 – Duplicate Document Fees

The Board is authorized by law to charge a reasonable fee for duplication of documents. The Board is authorized to charge up to \$0.60 per page for copying, mailing, and duplication of physical documents:

Currently \$0.25 per page

Policy Number 5 – License Renewal

Pursuant to [NRS 636.250](#), a licensee active or inactive must renew his or her license by March 1 of each year. For renewal by mail to be timely, the United States Postal Service must postmark it before March 1. Electronic renewal is effective upon receipt of all required information and fees. It is the renewing licensee's responsibility to confirm receipt of renewal materials.

If a license is not renewed by March 1, the license will be suspended. A license may be relieved from suspension if the licensee renews before July 1 and pays a penalty of \$250.00 as authorized by NRS 636.285, plus the renewal fee. If the license renewal is received after June 30 and before January 1, a \$500 penalty will attach to relieve a license from suspension. As of January 1, the license will expire, and if the former licensee wishes to practice in Nevada, he or she must apply as though no previous licensure existed.

Policy Number 6 – License Renewal and Education Requirements

Pursuant to [NRS 636.250](#), a licensee must renew his/her license by March 1 of each year. License renewal requires a completed renewal application, fees, and proof of appropriate Continuing Education based on license and certification requirements. (See Policy No. 7)

Policy Number 7 – Continuing Education

[NRS 636.260\[2\]](#) requires the renewal fee and satisfactory evidence that the licensee, within the 12- month period immediately preceding license renewal, has completed the required number of hours of continuing education approved by the Board.

The continuing education requirements for

licensees certified in diagnostic pharmaceutical agents may not exceed 24 hours per 12-month period. The Board has established 18 hours as the requirement for licensees who are certified in diagnostic pharmaceutical agents, of which 5 hours may be practice management. All of the 18 hours may be by live attendance, by Internet, correspondence or video. Licensees submitting courses taken via the Internet, correspondence or video must submit proof they received a grade of 75% or higher on the course exam.

The Board counts hours in 0.25-hour increments using the 1/4 hour nearest the actual teaching time, with the exception that 50-minute lectures are counted as one hour in accord with academic tradition.

The requirement for licensees who are certified in therapeutic pharmaceutical agents may not exceed 50 hours per 12-month period. The Board has established 30 hours as the requirement for licensees who are certified in therapeutic pharmaceutical agents. Of the 30 hours, not fewer than 15 hours must be TPA-related. Up to five hours may be practice management. Any or all of the 30 hours may be completed by live attendance, or by Internet, correspondence or video. Licensees submitting courses taken via the Internet, correspondence or video must submit proof they have received a grade of 75% or higher on the course exam.

The Board reviews pre-approved providers periodically to verify adherence to established standards and hours for reporting. The Board has established two categories of acceptable and approved continuing education:

1. Pre-approved – This category requires the licensee to submit a signed or verified Continuing Education Attendance form or the ARBO summary through which attendance is certified. Other certifications may be submitted. Certification can be by stamp or signature. A list of pre-approved

9. Any medical school affiliated ophthalmology residency program.

Policy Number 10 – Fictitious Name

[NRS 636.350](#) requires that, prior practicing under an assumed or fictitious name, the licensee must be issued a certificate from the Board. The Fictitious Name Application must be approved before the licensee commences using the assumed or fictitious name. Any licensee practicing at a medical or surgical facility who applies for registration of an assumed name to be used at the facility must include his/her professional designation in the assumed name.

Policy Number 11 – Continuing Education

A licensee shall not report or submit his/her continuing education information to the Board until the licensee has sufficient hours to fulfill the total requirements for the license year. Interim submission of continuing education will not be accepted.

Policy Number 12 – Operating Expenses

The Board shall maintain in an account separate from its operating account

liquefiable funds estimated to be sufficient to pay the operating expenses of the Board for a thirteen (13) month period.

Policy Number 13 – Contact with Members of the Board

Licensees should refrain from contacting members appointed to the State Board of Optometry at their homes or offices regarding Board matters and operations, and should instead contact the Executive Director. Only when a licensee wishes to shield his or her identity from the staff for good cause, or the issue involves the conduct of the Executive Director, should a Board member be contacted directly.

Policy Number 14 – Hydrocodone with Acetaminophen

The presumed maximum prescribed dosage for Hydrocodone with Acetaminophen (whether 5/325 or 10/325) is a maximum of 90 MME over a 72-hour period.
